JA, Care Co-Ordinator
ES, Admin Support, SNPCA – (Minutes)
AE, Patient, Cleggs Lane
KA, Patient, Cleggs Lane
GA, Patient, Cleggs Lane
KB, Patient, Mcr Rd East

Welcome & Introductions to the session from the Ellenbrook team, Tea & coffee available to relax and enjoy the session.

JA took details from several patients to pass onto their care co-ordinators for help that is needed.

Details were shared explaining the services available to patients covering all the services from healthy eating, stop smoking well-being services etc.

Discussed that going forward it would be a good idea to have a coffee morning where patients can come along for information relevant to them. Information slides on screen showing these details along with leaflets to take away.

Care Co-ordinators to send out invites to each of the practice patients, using the same text details to avoid any confusion of what is being discussed at the meetings. Suggestion on building a search of lone living for invites to be sent.

Each meeting to cover a main different topic led by a different practice each time.

Date and time to follow for next PPG meeting.
